CYAA Summer Series Race Two 31st Jan 2021 at RMYS

Race Two is all set to go. Here's the links to the latest version of the [Race 2 Sailing Instructions](#) and the [Race 2 Entry list](#).

This race (Race 2) will be a first time the classic fleet starting with the RMYS light based race start system. Check out [this link to download a copy of how it all works](#). There will be no race start countdown as previously was the case at RMYS.

Personal and boat racing sign on QR Codes

Personal registration of all people on board now compulsory when participating in CYAA yacht races.

For those on board CYAA yachts competing in Race One who cannot register their personal details, contact the CYAA Handicapper on **0419171011**.

QR codes for each skipper to register their boat is racing and the people on board count with the RMYS Race director are also displayed on the Race 2 Sailing Instructions and Entry list

.Face Masks

Wearing a face mask is a requirement if the 1.5 metre distancing rule cannot be complied with.

Note: It's compulsory for all people on a competing classic yacht to carry a face mask at all times. Non compliance with this rule will attract a \$200 penalty.

Common usage of same equipment

On board maintain a wipe down regime on common use equipment. No sharing of PFD 1's is allowed.

2020/2021 Summer Series entry's are still open

Remember our Summer Series is a no entry fee series.

First timers for Race Two 31st Jan

Pastime II will be with us for Race 2.

2020 Cup Regatta news

Here's what's happening.

The Sailing Instructions and course documentation has been prepared and sent to the RYCV Regatta director for a check over.

Trackers for the Geelong passage race.

Here's the big news for the Topsy D passage race to Geelong. This race we'll be setting up the Tack Tracker system for this race. To make this happen each yacht racing will have to have a smart phone set up for tracking purposes. You need to call up the tack Tracker app to register your Iphone or Android phone. The fee for this is \$50 per annum. There's other price options but this is the service I want everyone to have.

An account will be set up by the CYAA with Tack Tracker that will allow you to assign the CYAA to manage your tracker.

Besides allowing your families and the rest of the world to see how each boat is going in race 5 there's significant on water safety issues that come with the use of this system. This system will allow us to run interstate races.

Right now I'm running to close to the wind with time and have to get the race 2 pre race detail out. I'll provide more Tack Tracker details later.

2020 Cup Regatta Presentation dinner

One other 2020 Cup Regatta item is out presentation dinner at Royal Geelong. I'm working on \$65.00 a head although I'm told by the caterer it should be less.

2020 Cup Regatta flags

One item to mention is [2020 Cup Regatta flags](#). Take look. Besides one for every Cup Regatta entrant and trophy winner. We have flags for every race to cover line and corrected time winners for each division and best overall for each race. 94 for of them

Must go. Your handicapper is seriously under the pump time wise

Regards to all
