Welcome to our 14th Annual Cup Regatta. The 2020 Cup Regatta

Although still not out of the tragic Covid-19 circumstances, it's management and now with vaccines on their way, the opportunity to conduct our 2020 Cup Regatta next weekend has finally arrived. Make no mistake, we still live in a world of strict compliance to Covid-19 safe regulations. This means compliance with the RYCV requirement that all people on competing boats competing in the 2020 Cup Regatta register their contact details

There's no relaxation of this personal contact registration requirement. The QR Codes to assist with registration requirement are posted on all 2020 Cup Regatta documentation.

Kaboom goes the entry bulb

First up watching those 32 intents to enter being converted to actual entries was like looking at a thermometer bulb in a heat wave. Sure the intent conversions started off slowly but with the help of our treasurer in full sheep dog mode rounding up and threading those stragglers through the eye of the entry form needle, that thermometer bulb never had a chance. Kaboom went the bulb as we hit 27 listed entries with more to come.

The wayzgoes club

So thanks to all our entrants. The significant extra effort from the skippers and crews to make the start line hasn't gone un-noticed. Says a lot for the strength of our members commitment to the Classic Yacht cause. Sad news though, this weeks Covid-19 lock down, that hopefully ends tonight, has left some of Classics stranded on the hard. Still, the bigger picture is the Covid-19 pandemic. Whatever Covid-19 throws at us will keep you in good stead as fully paid up member of the wayzgoes club.

Our pre race briefings and post race trophy presentations for Sat and Sun.

We'll be guided by the RYCV on how this 17th Feb limit of 20 max people for outdoor events will be managed for our pre race briefings and post race trophy presentations.

RYCV post race social activity

As well as post racing trophy presentations each day, the plan was for CYAA sponsored race cheese and nibbles platters to hit the deck after each day of racing at RYCV. Same goes for their kitchen opening hours for Sat and Sunday morning. This issue will be checked out tomorrow for a status.

Photo opportunities for Saturday Feb 20

There's work happening to do a video of our fleet sailing under spinnaker during the Race 1 and Race 2 interval. More news on this plan will come from Mark Chew aboard "No Mans Land" at the Saturday morning briefing session.

That's all for now
