2018/2019 Summer Series Race 5 December 9 2018

Dec 7 2018

Race 5 Our traditional mid series pursuit race at the RYCV

BoM forecast for Sunday.

Port Phillip conditions forecast by the BoM looks all OK for Sunday.

Race 5 Allocated group start and Sailing Instructions

Click on the links to download the [allocated Group start times](#) and [Sailing Instructions](#) for the Race 5 entrants.

Race 5 Allocated Course number.

A numeral board with allocated course number in black numerals for Race 5 will be displayed in the window of the RYCV Race Committee station, located on the outer arm of the RYCV Marina. The course number will continue to be displayed till all intending starters have crossed the start line.

Race 5 group start number

The race is scheduled to start with the 10:25 am warning signal and group start number one in red numerals displayed.. The race group start number in red numerals will be displayed outside the Race committee station adjacent to the RYCV marina signal mast. The groups start times are calculated with a formula that includes handicaps based Race 4 performance.

Welcome to Claire

It's back to the cactus time for **Claire**. With Richard Macrae on the helm a recently cleaned up **Claire** will be out to give the Race 5 fleet a hard time to pick her off.

Marie Louise III Consistency trophy

While Race 5 is a pursuit start based, Race 5 is rerun on a virtual basis to determine points for the MLIII Consistency trophy. Actual on course times of each starter and handicaps based on Race 4 performance are used to generate Race 5 corrected times. Results of these calculations generally tie up with the actual crossing the finishing line positions.

Race 5 results

The race 5 results will be posted on the RYCV web site results page soon after the last starter crosses the finish line. Results will be posted on the CYAA web site after the Series and Consistency aggregate status are calculated.

Eight bells and all's well in CYAA land.

That maybe so, but tomorrows another day and who know's what's around the corner. Below is some topical CYAA news. Lot's more but must get these notes out. Sunday's clock is all set for the countdown to 10:30am. Keep in mind the RGYC Festival of Sails entries.

2018 Cup Regatta Trophies

Some Cup Regatta wind down news. The Col Bandy trophy now carries the names of Mark Chew and **Fair Winds** best performing skipper and Classic yacht for 2018. After eleven years of engraving these details, the Col Bandy trophy ran out of usable space. No problems here, the trophy now has a new lease of life thanks to Scotia Engraving adding a recognition plinth to the trophy base. While a small symbol, it's indicative of how much, Col Bandy, our late and great mate is sadly missed.

The Stradbroke II trophy is now engraved with the name of Tony Hoppe skipper of the winning Couta Boat designed by Will Baillieu, **Eliza**, for the 2018 Cup Regatta. Click on this link for more of the [Stradbroke II story](#).

CYAA 2018/2019 AGM

The 4 office bearers for 2018/2019 were elected unopposed, President Martin Ryan, Vice President Richard Macrae, Secretary Ian Rose and Treasurer, David McKenzie. The general committee members are, Craig Brown, Cameron Dorrrough and Peter Costoloe. Financial and race reports were submitted and approved. Minutes of the AGM and reports will be circulated to financial CYAA members.

Fair Winds in transit to Hobart Wooden Boat Festival.

Departure of **Fair Winds** to Hobart at the RYCV as seen by Roger Dundas

Hello from Queenscliff
40 knots registered on the way down and nothing broke so that's encouraging.

Note received before arrival at Three Hummock Island. We've been sharing the helming around. So far we've had 4 of the different crew helming during the series. As for bow work, it was faultless apart from 2 or 3 major stuff ups.

Some of the Three Hummock pics received from from Mark Chew. They all have links to enlarged images.

When it's not Dragons it Mirrors

Jaemie Wilson of **Siena** reports. Missing the classics racing, but progressing with our Mirror Worlds preparation on the country regatta circuit. 4th overall at the Western Region regatta at Stawell with a heat win and overall win in the crewed boat division. 3rd in our division at Cairn Curran Regatta including a heat win. On Oct 29 2018 Jaemie reported he and Markus had the state championships at Blairgowrie Yacht Squadron 2 weekends ago and managed to get 2nd overall, with a heat win. We secured 1,2,2,3. Race 1 saw them planning down waves in 22 knots of breeze with the kite up and very saggy forestry, very Dragon like!
