

Race 7 SI availability status

SI are ready except for info from HYBYC on what the colour of the inflatable laid mark off Kerford Road Pier will be.

Courses for Race 7 had to be revised at last minute when R3 was found to be missing. Last seen on the RYCV hardstand during a Feb 11 visit to RYCV. A check on the RMYS calendar showed RMYS are conducting the Jennifer Goldsmith race on Sunday using club marks. The same marks were used for Classics race 7. With every chance boats rounding in opposite direction a fast Classic course rework was needed.

After talks with RMYS and HBYC the work around has been the use of RBYC mark 4 and a laid HBYC mark off Kerford Road Pier. Kerford Road location was used to minimise RMYS fleet confusion if laid mark was too close to Mark D.

Two courses to be used, details can be seen in the Race 7 Course description pdf

The actual Mark C is going back in the water next week.

Don;t forget to send in the racing and POB SMS as detailed in the SI's.
