

# Classic Summer Series on Port Phillip

## Race 6 Pre race notes

### **Sunday on water conditions**

Sunday's forecast indicates it's all go. BoM says 15-20 knots, Met Eye says 10-15 knots and drops to 5-10 knots at 11:00am. Both BoM crystal balls say less wind for Monday so there should be no weather surprises for us on Sunday.

### **Call out for a rescue boat crew volunteer.**

To comply with the mandatory crew on the rescue boat, we have a call out for someone to volunteer to be crew on the HBYC Shirley Freeman. Our CYAA Secretary Colin Orchard will be the driver. He'll be at the RMYS Marina to pick up the volunteers.

### **Two RMYS Races on Sunday.**

As previously indicated, RMYS are conducting their Jennifer Goldsmith race on Sunday with an 11:00am start.

To avoid combined fleet start line and mark rounding problems note these two features of Race 6

1. Race 6 will be on water start in the vicinity of the Kerferd Road pier. The RMYS Willaim Paterson will be the race committee boat and the HBYC Shirley Freeman will be the Cat 7 rescue boat.
2. Alternative CYAA courses to the RMYS Courses ([Click HERE](#) to download) have been developed. [Click HERE](#) to download these alternative CYAA course descriptions. There's a very high possibility these alternative courses will be used. Especially Course 2.

### **Radio calls on channel 72**

The allocated course will be announce on VHF Channel 72 at approx 10:15 am

The race start count may be announced on VHF Channel 72 starting with the warning signal at 10:25.am

### **RMYS G mark substitute**

The RMYS Mark G has been replaced with substitute Mark S.

RMYS access limitations on Sunday

From 10:00am to 2:30pm A St.Kilda event will shut down streets in the vicinity of RMYS.

### **Marama returns to CYAA racing**

We have a race 6 welcome return to CYAA Marama. Marama competed in the recent Festival of Sails.

## Race 6 Social notes

We'll have our post race social catch up on the RMYS Marina.

## CYANZ Regatta Auckland 2nd-5th March.
