

First up

The celebration of Doug Jenkin at the RYCV yesterday was a great event for our classic members and supporters to recognise a great and good gentleman, Doug Jenkin.

CYAA Racing

Two events to be conducted from the RMYS Race Tower on Sunday.

Classic's race 7 at 10:30am and RMYS Squadron Sundays pursuit start at 11:00. This RMYS event has spinnaker and non spinnaker entrants including some Melbourne Trailable yachts.

Special course No 1 is the go for the classic's

To minimise Classic/Squaddie fleet mixing and mark convergence issues, the Classic's will be assigned a special course with the designation of **SC 1. Start Mark F (S) Mark G (S) Mark A (S) Mark C(S) Mark D(S).**

The Summer Series Sailing Instructions have been amended to include this special course No 1.(SC!) Race flag signal for this course is International Numeral One.

Squaddie fleet course

Based on the current Sunday forecast the intended Squaddie Pursuit start course will be RMYS Pursuit Course 19.

RMYS Non Spinakkers Start B, F, C, D Finish RMYS Spinnakers Start B, F, G, D and finish.

Sad to report but expect the usual street closure mess at RMYS this Sunday.

BOM Details

The BOM and Met Eye Forecast for Sunday is showing a 10-15 knots tending southerly window for Race 7. Too good to be true??

Race 7 SI'd and course description

Here's the links to download the [Full SI's for Race Seven](#) and the [Course descriptions with QR codes for boat sign on and race results](#). Any problem with the QR code sign on give the RMYS Tower a call on channel 72.

To be sure

To cover the issue that some classics aren't sure if they can race with the fleet on Sunday I've listed all these possibilities as visitor starters. They can be easily remove if they cannot be with us on Sunday

Post race knee's up.

Mercedes III will be hosting our post race knees up on the RMYS Marina. All welcome to tie up for our social catch up.

The Tower team on Sunday welcomes helpers on Sunday.

Your classic team In the tower will be the handicapper and Tony Hoppe. If someone wants to join up with Sundays tower team you'll be most welcome. The plan is we meet at the RMYS back gate on Pier Road at 9:00am for the long walk to the tower. It's great fun climbing over the roof of Kirby's Kiosk.

The handicapper and the social climbing ladder.

Your Handicapper can now rejoice in being an honorary member of the RMYS. How about that?

Here's to a great classic sail

Best wishes for good weather and a great sail with our classic's on Sunday. And a last word. Try to get your start right to prevent any apprehension of imminent barging on the start line.

Regards to all

Peter Costolloe
CYAA (Vic) Handicapper
